## VLUV BOL

VLUV BOL are the first inflatable seating balls covered by upholstery fabric. They are made for upright, healthy seating.

### FEATURES OF VLUV BOL

#### gripME

Design-patented handle for easy and safe transport

#### unROLL

Bottom ring prevents ball from rolling away too easily

#### fixFORM

Improved upright seating position thanks to its firm cover

#### extraSAFETY

Double layer prevents size expansion and bursting

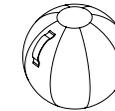

#### lightWEIGHT

Super light-weight, from 1500 gms

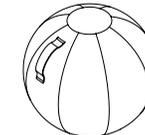

#### duoTHREAD

Double seam for highest durability and safety

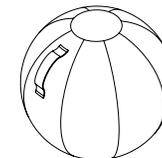

#### 50-55 cm

Perfect for school children and adults from 135 to 155 cms height. We recommend to use a height-adjustable table.

#### 60-65 cm

This model is made for people from 155 to 180cms height. Recommended for standard tables with a height of ca. 74cms, even with taller height.

#### 70-75 cm

Made for people from 180 to 200 cms height. We recommend to use a height-adjustable table to fit the legs under the table.

## VLUV UPP STAND-UP WEIGHT

UPP is an innovative weighted disc that stabilizes fabric-covered seating balls. The weight generates a stand-up function that always returns the ball to its original position.

### FEATURES OF UPP

- ball will safely return if touched
- works with almost all fabric-covered seating balls
- easy to apply by simply inserting the weight between inner ball and fabric cover
- easy to remove
- made of premium quality rubber
- Weight: ca. 800 gms
- Dimensions: 210 x 27 mm
- including manual
- packaging made of recycled carton
